Skills

| HTML5 | CSS3 | SCSS | JavaScript | C++ | C | Python |

Experience

DELHI POLLUTION CONTROL COMMITTEE, *Delhi, May 2020 – July 2020*
- Front end web developer intern.
- Added more appealing features and did Usability test.
- Redesigned sections of the website to ensure a more attractive and user-friendly experience.

SILLONER SOLUTIONS*, Delhi, June 2019- July 2019*
- Research and Front-end Development in Visual Studio for Social Network platform development.
- Gathering data and part of Usability test.

Project

- **Frontend Web Development –** I worked on 3 static website projects for personal learning and development. The webpages were built by using HTML5, CSS3, SASS. Used CSS float, flexbox and grid property in designing the respective project layout. They are responsive to different device screen ratios (phone, tab, laptop, large screen). These all are hosted on GitHub; links are provided below and to access the code my GitHub account link is at top of page.

  Natours - landing page for a fictional company which takes people for tours in nature. This was built by using CSS float property and flexbox. *https://joshir16.github.io/Natours/*

  Trillo - created an all-in-one booking website like hotel, car rental, tours and flights. This was built by using CSS flexbox. *https://joshir16.github.io/Trillo/*

  Nexter - created a website clone for a company which sells luxury homes using 8-column grid CSS property. *https://joshir16.github.io/Nexter/*

Positions of Responsibility

- Part of organising committee ***Paralympics UMEED*, Delhi Govt. Initiative, 2018**
  Hospitality team- I was responsible for operational and task related to logistics.
- Part of organising committee for *Engifest* (University level Fest), 2018
  Hospitality team – I was responsible for operational and task related to logistics.

Notable Achievements

- *Appreciation certificate from Registrar DTU*
- Zonal winner Delhi – Football, 2014 (reserve team)
- Inter-Amity Bronze Medal – Football, 2015
